NOTICE OF MOTION

TO: ALL PARTIES AND THEIR ATTORNEYS OF RECORD

PLEASE TAKE NOTICE that on Thursday, February 4, 2021 at 1:30 p.m., or as soon thereafter as counsel may be heard before the Honorable Richard Seeborg, United States District Judge, at the United States Courthouse, United States District Court, Northern District of California, 450 Golden Gate Ave., San Francisco, California, Lead Plaintiff Tony Plant (“Lead Plaintiff”), on behalf of himself and all Settlement Class Members,¹ will and hereby does move for entry of the Proposed Order Preliminarily Approving Settlement and Providing for Notice (Stipulation, Ex. A), which will: (1) preliminarily approve the terms of the proposed Settlement as set forth in the Stipulation; (2) conditionally certify the Settlement Class for purposes of implementing the proposed Settlement; (3) approve the form and method for providing notice of the proposed Settlement and Final Approval Hearing to the Settlement Class; and (4) schedule the Final Approval Hearing.

The grounds for this motion are that the proposed Settlement is within the range of what could be found to be fair, reasonable, and adequate, such that notice of its terms may be disseminated to members of the proposed Settlement Class and a hearing for final approval of the proposed Settlement scheduled.

This motion is supported by the following memorandum of points and authorities, the accompanying Declaration of Juan E. Monteverde and the exhibits thereto, including the Stipulation and its exhibits, the previous filings and orders in this case, and such other and further representations as may be made by counsel at any hearing on this matter.

¹ All capitalized terms not defined herein have the same meanings set forth in the Stipulation of Settlement dated December 29, 2020 (“Stipulation”) and filed contemporaneously herewith as Exhibit 1 to the Declaration of Juan E. Monteverde in Support of Lead Plaintiff’s Motion for Preliminary Approval of Settlement (“Monteverde Decl.”).

1 **STATEMENT OF ISSUES TO BE DECIDED**

2 1. Whether the proposed \$2,600,000 Settlement is within the range of fairness,
3 reasonableness, and adequacy to warrant the Court’s preliminary approval and the
4 dissemination of notice of its terms to members of the proposed Settlement Class.

5 2. Whether the Settlement Class should be preliminarily certified pursuant to Federal
6 Rule of Civil Procedure 23(b)(3) for purposes of settlement.

7 3. Whether the proposed form of settlement notice and proof of claim and release form
8 and the manner for dissemination to the Settlement Class Members should be approved.

9 4. Whether the Court should set a date for a hearing for final approval of the proposed
10 Settlement and the application of Lead Counsel for an award of attorneys’ fees and
11 reimbursement of costs and expenses.

12 **MEMORANDUM OF POINTS AND AUTHORITIES**

13 **I. PRELIMINARY STATEMENT**

14 Lead Plaintiff has secured a cash settlement in the amount of \$2,600,000. The Settlement
15 Amount represents a meaningful recovery for the Settlement Class in light of (i) the implied
16 equity values for Jaguar at the time of the Merger, which Jaguar’s financial advisor Stifel
17 determined ranged as low as \$26 million based upon Jaguar’s anticipated 2018 revenues;² and
18 (ii) the fact that directors and officers of Jaguar and Napo, who owned over 5.7 million Jaguar
19 shares, will not partake in the recovery.³ And the \$2.6 million Settlement Amount looks like an
20 even better deal for the Settlement Class when weighed against the significant risks of further
21 litigation. The proposed Settlement was achieved after substantial completion of document
22 discovery, consultation with a damages expert, and a thorough mediation process including
23 arm’s-length negotiations overseen by an experienced mediator. As set forth below, the
24 Settlement easily falls within the range of reasonableness, and warrants preliminary approval.

28 ³ Stipulation at 10; Notice (Stipulation Exhibit A-1) at 11.

1 **II. HISTORY OF THE LITIGATION**

2 **A. Commencement of the Action**

3 Lead Plaintiff filed this Action on July 20, 2017, against Jaguar and its board of directors
4 (the “Defendants”). ECF No. 1. Lead Plaintiff alleged Defendants violated Sections 14(a) and
5 20(a) of the Securities Exchange Act of 1934 (“Exchange Act”), 15.U.S.C. §§ 78n(a), 78t(a),
6 and SEC Rule 14a-9, 17 C.F.R. § 240.14a-9, by soliciting approval of the Merger between
7 Jaguar and Napo via a materially false and misleading proxy statement (“Proxy”). *Id.* Jaguar
8 announced the completion of the Merger on July 31, 2017.

9 On October 3, 2017, Lead Plaintiff filed a motion seeking appointment as lead plaintiff
10 pursuant to the Private Securities Litigation Reform Act of 1995 (“PSLRA”), 15 U.S.C. § 78u-
11 4(a)(3)(B), and sought approval of his selection of Monteverde & Associates, PC
12 (“Monteverde”) as Lead Counsel. ECF No. 12. On December 11, 2017, the Court appointed
13 Mr. Plant as Lead Plaintiff, and approved his selection of Monteverde as Lead Counsel. ECF
14 No. 18.

15 On January 10, 2018, Lead Plaintiff filed an Amended Class Action Complaint. ECF No.
16 19. In response, Defendants filed a Motion to Dismiss on March 12, 2018. ECF No. 22. Lead
17 Plaintiff filed his Opposition to Defendants’ Motion to Dismiss on April 23, 2018. ECF No.
18 25. The Court heard argument on Defendants’ Motion to Dismiss on June 14, 2018. ECF No.
19 33.

20 On September 20, 2018, the Court granted Defendants’ Motion to Dismiss, but granted
21 Lead Plaintiff leave to amend. ECF No. 42.

22 On October 10, 2018, Lead Plaintiff filed a Second Amended Complaint. ECF No. 45.
23 Defendants filed a second Motion to Dismiss (“Second Motion to Dismiss”) on November 6,
24 2018. ECF No. 47. Lead Plaintiff filed his Opposition to Defendants’ Second Motion to
25 Dismiss on December 21, 2018. ECF No. 51. On June 28, 2019, the Court denied Defendants’
26 Second Motion to Dismiss. ECF No. 64.

1 On July 18, 2019, the Court held a telephonic Initial Case Management Conference with
2 Lead Plaintiff and Defendants and issued a Scheduling Order. ECF Nos. 69, 70.

3 On August 2, 2019, Defendants filed their answer to the Second Amended Complaint.
4 ECF No. 71.

5 **B. Discovery Undertaken by Lead Plaintiff**

6 Lead Plaintiff conducted thorough fact discovery relating to the claims at issue in this
7 Action. Specifically, Lead Plaintiff obtained discovery from Defendants that included 277,532
8 pages of documents containing e-mail communications, board materials, financial data and
9 projections, analyst reports, and other Merger related documentation. Lead Plaintiff also
10 produced documents to Defendants. Further, Lead Plaintiff issued subpoenas and obtained
11 documents from Jaguar's financial advisor, Stifel. Lead Plaintiff and Lead Counsel thoroughly
12 reviewed all discovery and consulted with their damage's expert.

13 **C. Settlement Negotiations and Mediation**

14 Significant discovery had been completed and reviewed by Lead Counsel before Lead
15 Plaintiff agreed to explore possible settlement with Defendants. In light of such discovery, Lead
16 Plaintiff and Lead Counsel were well-positioned to evaluate the case, including the likelihood of
17 establishing loss causation, the potential recoverable damages, and the risks of success on
18 various other legal issues.

19 The parties agreed to attend mediation before mediator Robert A. Meyer from JAMS on
20 September 21, 2020. Lead Plaintiff submitted a comprehensive mediation statement
21 accompanied by 24 exhibits related to evidence obtained during discovery. Lead Counsel
22 thoroughly prepared for mediation and zealously advocated for Lead Plaintiff and the
23 Settlement Class during settlement discussions. Mediation lasted all day, but the parties did not
24 settle at that time. However, they continued to have discussions under the supervision of Mr.
25 Meyer, which ultimately led to the Settlement on October 19, 2020, in the amount of
26 \$2,600,000 (subject to the parties finalizing the Stipulation).

1 On November 9, 2020, the Settling Parties executed a term sheet memorializing the key
2 terms of the Settlement, and Lead Plaintiff filed a Notice of Settlement. ECF No. 79.

3 **III. TERMS OF THE PROPOSED SETTLEMENT**

4 On December 29, 2020, after arm's-length negotiations, the Settling Parties executed the
5 Stipulation, which sets forth the full terms of the proposed Settlement resolving the claims of the
6 Settlement Class. As a result of the Settlement, Jaguar shall cause the Settlement Amount of
7 \$2,600,000 to be paid into the Escrow Account and distributed to the Authorized Claimants in
8 accordance with the Plan of Allocation described fully in the Notice (attached as Exhibit A-1 to
9 the Stipulation, which is Exhibit 1 to the Monteverde Declaration).

10 **IV. ARGUMENT**

11 Lead Plaintiff respectfully submits that the Settlement satisfies the standard for preliminary
12 approval, and eventually final approval, because it is fair, reasonable, and adequate. However,
13 at this procedural stage the Court need only determine that it "will likely be able to" grant final
14 approval of the Settlement. Fed. R. Civ. P. 23(e)(1)(B); *In re Wells Fargo & Co. S'holder*
15 *Derivative Litig.*, 445 F. Supp. 3d 508, 516-17 (N.D. Cal. 2020). In other words, "[t]he court's
16 task at the preliminary approval stage is to determine whether the settlement falls within the
17 range of possible approval." *Id.* (internal quotation marks omitted).

18 **A. The Proposed Settlement Should Be Preliminarily Approved**

19 Rule 23(e) of the Federal Rules of Civil Procedure requires court approval of any
20 settlement, voluntary dismissal, or compromise of the claims, issues, or defenses of a class
21 action. The process involves two stages: preliminary approval followed by notice to the class,
22 and then final approval after a hearing. *See Wells Fargo*, 445 F. Supp. 3d at 516-17.

23 The Ninth Circuit has repeatedly reiterated the "strong judicial policy that favors
24 settlements, particularly where complex class action litigation is concerned." *In re Syncor ERISA*
25 *Litig.*, 516 F.3d 1095, 1101 (9th Cir. 2008). Whether a settlement should be preliminarily
26 approved hinges on whether an initial presumption of fairness is established. *In re Tableware*
27 *Antitrust Litig.*, 484 F. Supp. 2d 1078, 1079 (N.D. Cal. 2007). Preliminary approval is warranted

1 if the proposed settlement: (1) appears to be the product of serious, informed, non-collusive
2 negotiations; (2) has no obvious deficiencies and does not improperly grant preferential
3 treatment to class representatives or segments of the class; and (3) falls within the range of
4 possible approval. *Id.* A full fairness hearing is unnecessary at the preliminary approval stage
5 because the “settlement need only be *potentially* fair,” as the court will make a final
6 determination of fairness at the final approval hearing. *In re Zynga Inc. Sec. Litig.*, No. 12-cv-
7 04007 (JSC), 2015 U.S. Dist. LEXIS 145728, at *32 (N.D. Cal. Oct. 27, 2015); *Alberto v. GMRI,*
8 *Inc.*, 252 F.R.D. 652, 665-66 (E.D. Cal. 2008).

9
10 **1. *The Settlement is the Result of Good Faith, Arm’s-Length Negotiations by
Well-Informed and Experienced Counsel***

11 As to the first factor, generally, a proposed settlement is deemed fair if it resulted from
12 arm’s-length negotiations. *In re Portal Software, Inc. Sec. Litig.*, No. 03-cv-5138 VRW, 2007
13 U.S. Dist. LEXIS 51794, at *15 (N.D. Cal. June 30, 2007). Arm’s-length negotiations typically
14 take place over an extended period of time with experienced counsel on both sides, each with an
15 understanding of the strengths and weaknesses of their own and the opposing party’s claims. *In*
16 *re Tableware Antitrust Litig.*, 484 F. Supp. 2d at 1080.

17 The Settlement at issue is the product of serious, informed, non-collusive negotiations
18 between the parties. The Settlement was the product of over three years of litigation, substantial
19 document discovery, a mediation, and continued discussions via an experienced mediator.
20 Indeed, Mr. Meyer has been a mediator for more than 12 years, serving as mediator for cases
21 regarding complex business litigation all over the United States, including securities and
22 derivative class actions. JAMS, Robert A. Meyer, Esq., <https://www.jamsadr.com/meyer/> (last
23 visited Dec. 30, 2020). The participation of an independent mediator in settlement negotiations
24 “virtually insures that the negotiations were conducted at arm’s length and without collusion
25 between the parties.” *Bert v. AK Steel Corp.*, No. 1:02-cv-467, 2008 U.S. Dist. LEXIS 111711,
26 at *7 (S.D. Ohio Oct. 23, 2008) (citing *Hemphill v. San Diego Ass'n of Realtors, Inc.*, 225 F.R.D.
27 616, 621 (S.D. Cal. 2005)); *see also De Leon v. Ricoh USA, Inc.*, No. 18-cv-03725-JSC, 2019

1 U.S. Dist. LEXIS 204442, at *29 (N.D. Cal. Nov. 25, 2019); *Kim v. Tinder, Inc.*, No. CV 18-
2 3093-JFW(ASx), 2019 U.S. Dist. LEXIS 108041, at *36 (C.D. Cal. June 19, 2019) (collecting
3 cases). Moreover, the Settling Parties exchanged detailed briefs prior to the mediation and
4 participated in a mediation during which the strengths and weaknesses of their respective claims
5 and defenses were extensively debated.

6 Additionally, Lead Plaintiff has vigorously litigated this Action over the past three years.
7 Mediation did not occur until September 2020, after the Parties had already engaged in and
8 completed extensive discovery. Prior to the mediation, Lead Plaintiff prevailed in substantive
9 motion practice, as Defendants attempted to dismiss this Action twice. And in preparation for
10 mediation, Lead Plaintiff obtained and evaluated significant document discovery and consulted
11 with a damages expert. As a result, Lead Counsel had a thorough understanding of the facts and
12 law at issue during mediation. Simply put, at the time the Settlement was reached, Lead Plaintiff
13 and Lead Counsel were well-informed of the strengths and weaknesses of the claims and
14 defenses at issue, as well as the fairness of the Settlement. Indeed, “[t]he use of an experienced
15 private mediator and presence of discovery supports the conclusion that Plaintiff [was] armed
16 with sufficient information about the case to broker a fair settlement.” *De Leon*, 2019 U.S. Dist.
17 LEXIS 20442, at *29.

18 Finally, the Court should give Lead Counsel’s recommendation a presumption of
19 reasonableness because Lead Counsel has significant expertise in securities litigation.⁴ *See In re*
20 *OmniVision Techs., Inc.*, 559 F. Supp. 2d 1036, 1043 (N.D. Cal. 2008). Based upon their
21 experience, Lead Counsel is well-suited to evaluate the fairness of the Settlement and to
22 determine whether it is in the best interests of the Settlement Class. Lead Counsel’s conclusion
23 that the Settlement is fair, adequate, and reasonable is predicated on their knowledge of the
24 strengths and weaknesses of the Settlement Class’ claims based on the evidence adduced to date,
25 as well as Lead Counsel’s analysis of Defendants’ legal and factual arguments, and the potential
26

27 ⁴ *See* Monteverde Decl. Ex. 2 (firm resume), Ex. 3 (table of comparable settlements).

1 risk that the Court or a jury may have ruled in favor of Defendants – resulting in no recovery for
2 the Settlement Class. Lead Counsel’s opinion should therefore be afforded considerable weight.

3 In sum, the Settlement is the product of serious, informed, non-collusive negotiations
4 between the Parties, which warrants granting preliminary approval.

5 **2. *The Settlement Has No Obvious Deficiencies and Does Not Improperly Grant***
6 ***Preferential Treatment to Lead Plaintiff or Segments of the Class***

7 The Settlement has no obvious deficiencies and does not grant improper or preferential
8 treatment to Lead Plaintiff or other segments of the Settlement Class. Under the Plan of
9 Allocation, each Authorized Claimant that submits a valid, timely Proof of Claim will receive
10 distribution from the Net Settlement Fund on a pro rata basis. Stipulation at 8, 22-23, Notice at
11 11. Therefore, assuming 100% of the shares in the Settlement Class submit a valid and timely
12 Proof of Claim, the average distribution will be \$0.22 per share owned (before the payment of
13 Court-approved fees and expenses (estimated to be less than \$0.07 per share) and the cost of
14 notice and claims administration). Notice at 5. This means that every shareholder in the
15 Settlement Class will receive equal treatment under the Plan of Allocation.

16 While Lead Plaintiff intends to seek an award of reasonable costs and expenses directly
17 relating to his representation of the Settlement Class in an amount up to \$10,000 pursuant to 15
18 U.S.C. § 78u-4(a)(4), such an award would “not constitute inequitable treatment of class
19 members.” *In re Extreme Networks, Inc. Sec. Litig.*, No. 15-cv-04883-BLF, 2019 U.S. Dist.
20 LEXIS 121886, at *26 (N.D. Cal. July 22, 2019) (citing *Rodriguez v. W. Publ’g Corp.*, 563 F.3d
21 948, 958-59 (9th Cir. 2009)); *see also Todd v. STAAR Surgical Co.*, No. CV 14-5263 MWF
22 (GJSx), 2017 U.S. Dist. LEXIS 176183, at *15-16 (C.D. Cal. Oct. 24, 2017) (collecting
23 “numerous cases in which service awards of \$10,000 or more are found reasonable”).

24 With respect to the release, the claims in the Second Amended Complaint arise under the
25 Exchange Act and are predicated on the Proxy and Merger. ECF No. 19. The definition of
26 “Released Claims” in the Stipulation contains the typical language “to ensure that it applies to
27 all appropriate persons...and to all appropriate claims,” *Fraley v. Facebook, Inc.*, 966 F. Supp.

1 2d 939, 947 (N.D. Cal. 2013), but is limited to what this Action is about—the Proxy and Merger.
2 Specifically, the following emphasized language from the definition of “Released Claims” acts
3 to limit the release in an appropriate manner: “[A]ny and all claims...that have been asserted,
4 could have been asserted, or could be asserted in the future by a member of the Settlement Class
5 *in his, her or its capacity as a purchaser, seller or holder of Jaguar stock against*” Defendants
6 and their affiliates “that arise out of or relate in any way to: (i) *the Action, (ii) the Merger, and*
7 *(iii) the Proxy or disclosures related to the Merger.*” Stipulation at 9. “As such, the release does
8 not represent overreaching, or present a concern that class members are relinquishing more than
9 would be warranted.” *Fraley*, 966 F. Supp. 2d at 947.

10 **3. The Settlement Falls Within the Range of Possible Approval**

11 This Settlement warrants preliminary approval because it is an excellent result given the
12 value of Jaguar prior to the Merger, the numerous and substantial risks of further litigation
13 (including the risk of summary judgment being granted in Defendants’ favor), the additional
14 expenses associated with further litigation, and the complexity of the Action. *See Churchill Vill.,*
15 *L.L.C. v. Gen. Elec.*, 361 F.3d 566, 576 (9th Cir. 2004); *In re Portal Software, Inc. Sec. Litig.*,
16 2007 U.S. Dist. LEXIS 51794, at *16.

17 While Lead Plaintiff believes the asserted claims have merit and are supported by the
18 evidence obtained in discovery, Lead Plaintiff and the Settlement Class nevertheless faced
19 significant obstacles to recovery. Even assuming Lead Plaintiff defeated Defendants’ motion for
20 summary judgment, there would still be a substantial risk that he could not prove loss causation
21 or damages in excess of the Settlement Amount at trial.

22 In the Second Amended Complaint, Lead Plaintiff alleged that the Proxy contained the
23 following material misstatements and omissions: (i) statements and projections prepared by
24 Defendants that reflected Equilevia as a prescription product, even though Defendants knew that
25 it was going to be sold and marketed as a non-prescription product; (ii) the summary of Stifel’s
26 Discounted Cash Flow Analysis of Jaguar; and (iii) the omissions of (a) the projected unlevered
27

1 free cash flows that both Jaguar and Napo were expected to generate between 2017 and 2026,
2 (b) the purportedly “not meaningful” unlevered free cash flow contribution margins for Jaguar
3 and Napo from 2017-2021, and (c) the pro-forma projections for Jaguar and Napo giving effect
4 to the Merger. ECF No. 19.

5 However, Defendants have vehemently denied the claims asserted by Lead Plaintiff. With
6 respect to the first allegation, Defendants argue that Equilevia was an immaterial part of Jaguar’s
7 business. Second Motion to Dismiss (ECF No. 47) at 3. As for the second allegation, Defendants
8 claim that it amounts “to nothing more than a post-hoc disagreement with the substance of
9 Stifel’s analysis, not with whether that analysis was adequately disclosed.” *Id.* at 2. Regarding
10 Lead Plaintiff’s third allegation, Defendants argue that omission of unlevered free cash flows,
11 cash flow contribution margins, and pro forma projections are immaterial. *Id.* And, in denying
12 the Defendants’ Second Motion to Dismiss, the Court focused its analysis solely on the
13 statements related to Equilevia, and found that in light of the fact that Lead Plaintiff “stated a
14 claim based at least on the allegations regarding Equilevia,” “there [was] no basis to parse the
15 allegations to decide at this juncture whether the proxy included other actionable misstatements
16 or was misleading as the result of any material omissions.” ECF No. 64 at 4. Thus, establishing
17 Defendants’ liability at summary judgment or trial would be difficult and complex, with success
18 far from certain.

19 Moreover, even if liability were established, the Settlement Class still faced considerable
20 risk establishing loss causation and proving damages. Although Lead Plaintiff contends that his
21 theory of loss causation and economic loss are appropriate and that damages could range from
22 \$5.2 million to \$9.9 million, Defendants have repeatedly emphasized that Lead Plaintiff cannot
23 establish causally-related damages, because Lead Plaintiff’s damages theory is derived solely
24 from the alleged Equilevia misrepresentation and any potential sales for that product. Under the
25 circumstances, the proposed Settlement is a good outcome for the Settlement Class. The
26 Settlement eliminates the risks of continued litigation, which warrants granting preliminary
27 approval. *See Churchill Vill., L.L.C.*, 361 F.3d at 576.

1 **B. Certification of the Proposed Settlement Class for Settlement Purposes is**
2 **Appropriate**

3 In granting preliminary settlement approval, the Court should also conditionally certify the
4 Settlement Class for purposes of effectuating the Settlement under Rules 23(a) and (b)(3) of the
5 Federal Rules of Civil Procedure. Courts have long acknowledged the propriety of a settlement
6 class. *See, e.g., Amchem Prods., Inc. v. Windsor*, 521 U.S. 591, 619-22 (1997). A settlement
7 class, like other certified classes, must satisfy all the requirements of Rule 23(a) and Rule
8 23(b)(3). *See id.* at 607-09. As demonstrated below, the proposed Settlement Class does so.

9 Furthermore, there are no substantive differences between the Settlement Class and the
10 class proposed in the Second Amended Complaint, as both were defined to capture Jaguar
11 shareholders who were harmed by Defendants' actions in conjunction with the Proxy and
12 resulting Merger.⁵

13 **1. The Settlement Class Satisfies the Requirements of Rule 23(a)**

14 Class certification is appropriate under Rule 23(a) if: (1) the class is so numerous that
15 joinder of all members is impracticable (“numerosity”); (2) there are questions of law or fact
16 common to the class (“commonality”); (3) the claims/defenses of the class representative are
17 typical of the claims/defenses of the class (“typicality”); and (4) the class representative will
18 fairly and adequately protect the interests of the class (“adequacy”). Fed. R. Civ. P. 23(a);
19

20
21 ⁵ The Second Amended Complaint defined the “Class” in a generalized manner as “all holders of
22 Jaguar common stock who were harmed by Defendants’ actions described” therein. ECF No. 45
23 at ¶ 83. The Stipulation defines the Settlement Class and the Settlement Class Period with the
24 requisite level of specificity, anchored by the appropriate dates to encompass those Jaguar
25 shareholders who held shares as of the record date for voting on the Merger and were alleged to
26 be harmed by the Merger. *See* Stipulation at 10 (defining the Settlement Class as “all record holders
27 and all beneficial holders of Jaguar common stock who purchased, sold or held such stock during
28 the period from and including June 30, 2017, the record date for voting on the Merger, through
29 and including July 31, 2017, the date the Merger closed, including any and all of their respective
30 predecessors, successors, trustees, executors, administrators, estates, legal representatives, heirs,
31 assigns and transferees.”), and defining “Settlement Class Period” as “the period commencing on
32 June 30, 2017 and ending on July 31, 2017, inclusive.”).

1 *Amchem*, 521 U.S. at 613; *Hanlon v. Chrysler Corp.*, 150 F.3d 1011, 1019 (9th Cir. 1998). As
2 discussed below, the proposed Settlement Class meets each of these requirements.

3 a. The Numerosity Requirement is Satisfied

4 First, Rule 23(a)(1) requires that the class be “so numerous that joinder of all members is
5 impracticable.” There is no exact class size necessary to satisfy numerosity; all that is required
6 is common sense indicating that the class is large enough. *See Perez-Funez v. District Director,*
7 *I.N.S.*, 611 F. Supp. 990, 995 (C.D. Cal. 1984). Further, Lead Plaintiff is not required to state the
8 exact number of class members in the proposed class. *Schwartz v. Harp*, 108 F.R.D. 279, 281-
9 82 (C.D. Cal. 1985).

10 The numerosity requirement is plainly satisfied here, as Lead Plaintiff estimates that there
11 are approximately 11.6 million shares of Jaguar common stock in the Settlement Class (Notice
12 at 11) that are held by hundreds to thousands of shareholders across the United States. *See In re*
13 *Cooper Cos. Sec. Litig.*, 254 F.R.D. 628, 634 (C.D. Cal. 2009) (courts may infer that, when a
14 corporation has millions of shares trading on a national exchange, the numerosity requirement is
15 met).

16 b. The Commonality Requirement is Satisfied

17 Second, *Rule 23 (a ?YEAR?) (2)*’s commonality requirement does not mandate that *all* questions
18 of law and fact be common to all class members, rather the class can have at least one shared
19 legal issue with differing factual scenarios, or common material facts with differing legal
20 remedies. *Hanlon*, 150 F.3d at 1019. In *Blackie v. Barrack*, 524 F.2d 891 (9th Cir. 1975), the
21 Ninth Circuit held that a class of purchasers allegedly defrauded by the same misrepresentations
22 made by Ampex Corporation satisfied the commonality requirement. *Id.* at 902.

23 Here, similar to *Blackie*, the Settlement Class Members all held Jaguar shares during the
24 Settlement Class Period, and thus all share common questions of law and fact, particularly
25 whether Defendants violated Sections 14(a) and 20(a) of the Exchange Act by preparing and
26 disseminating a materially false and misleading Proxy, and whether they were damaged as a
27 result. Accordingly, the Settlement Class satisfies the commonality requirement.

1 c. The Typicality Requirement is Satisfied

2 Third, Rule 23(a)(3) requires that the class representative’s claims be “typical” of those of
3 the other class members. Under Rule 23(a)’s permissive standards, a class representative’s
4 claims are “typical” if they are reasonably co-extensive with those of the other class members.
5 However, the claims need not be substantially identical. *See Amchem*, 521 U.S. at 625; *Hanlon*,
6 150 F.3d at 1020.

7 As mentioned above, Lead Plaintiff and the other Settlement Class Members all held Jaguar
8 common stock during the Settlement Class Period, and their claims arise from the allegedly
9 misleading Proxy and resulting Merger. Therefore, the typicality requirement is satisfied.

10 d. The Adequacy Requirement is Satisfied

11 Fourth, Rule 23(a)(4) requires that “the representative parties will fairly and adequately
12 protect the interests of the class.” Legal adequacy in the Ninth Circuit is determined using the
13 following two questions: “(1) do the named plaintiffs and their counsel have any conflicts of
14 interest with other class members and (2) will the named plaintiffs and their counsel prosecute
15 the action vigorously on behalf of the class?” *Hanlon*, 150 F.3d at 1020.

16 Here, Lead Plaintiff and Lead Counsel have no conflicts of interest with each other or any
17 of the other Settlement Class Members. They have always been committed to obtaining the best
18 possible result for the Settlement Class, as evinced by the history of this Litigation, discussed
19 above. Lead Plaintiff has also faithfully represented the Settlement Class, including by reviewing
20 the complaints and other filings, producing documents in response to Defendants’ discovery
21 requests, and communicating with Lead Counsel throughout the Litigation. Furthermore, Lead
22 Counsel has invested considerable time and resources in prosecuting this Action, which enabled
23 them to negotiate an outstanding Settlement for the Settlement Class.

24 In sum, the adequacy requirement is satisfied, and the Settlement Class meets all four
25 requirements for class certification under Rule 23(a).

1 **2. The Settlement Class Meets the Requirements of Rule 23(b)(3)**

2 Lead Plaintiff seeks certification of the Settlement Class pursuant to Fed. R. Civ. P.
3 23(b)(3). Certification under Rule 23(b)(3) requires “that the questions of law or fact common
4 to class members predominate over any questions affecting only individual members, and that a
5 class action is superior to other available methods for fairly and efficiently adjudicating the
6 controversy.” When assessing predominance and superiority, the court may consider that the
7 class will be certified for settlement purposes only, and thus a showing of manageability at trial
8 is not required. *See Amchem*, 521 U.S. at 618.

9 a. Common Legal and Factual Questions Predominate

10 Here, questions common to all Settlement Class Members substantially predominate over
11 any individualized questions. Specifically, the common issues in this Action that predominate
12 over individual ones are: (1) whether the Proxy contained materially false or misleading
13 statements; and (2) whether the alleged material misrepresentations and omissions caused
14 recoverable losses. *See In re DaimlerChrysler AG Sec. Litig.*, 216 F.R.D. 291, 300 (D. Del.
15 2003); *In re Hot Topic, Inc. Sec. Litig.*, No. CV 13-02939 SJO (JCx), 2014 U.S. Dist. LEXIS
16 155544, at *17 (C.D. Cal. Nov. 3, 2014). The same alleged course of conduct by Defendants
17 forms the basis of all Settlement Class Members’ claims. As set forth above, there are numerous
18 common issues relating to Defendants’ liability at the core of this Action, which predominate
19 over any individualized issues; therefore, the predominance requirement of Rule 23(b)(3) is met.

20 b. A Class Action is Superior to Other Methods of Adjudication

21 Rule 23(b)(3) sets forth the following non-exhaustive factors to be considered in making a
22 determination of whether class certification is the superior method of litigation: “(A) the class
23 members’ interests in individually controlling the prosecution . . . of separate actions; (B) the
24 extent and nature of any litigation concerning the controversy already begun by . . . class
25 members; (C) the desirability or undesirability of concentrating the litigation of the claims in the
26 particular forum; and (D) the likely difficulties in managing a class action.” Fed. R. Civ. P.
27 23(b)(3). In securities cases predicated on false or misleading statements that were disseminated
28

1 to numerous shareholders, class actions are superior to other methods of adjudication because
2 they promote judicial economy. *See Desai v. Deutsche Bank Sec. Ltd.*, 573 F.3d 931, 937 (9th
3 Cir. 2009); *In re Seagate Tech. II Sec. Litig.*, 843 F. Supp. 1341, 1351-52 (N.D. Cal. 1994).

4 In this case, the Stipulation provides Settlement Class Members with the ability to obtain
5 prompt and certain relief through well-defined administrative procedures assuring due process.
6 This includes the right of any Settlement Class Member dissatisfied with the Settlement to object
7 to it, or to exclude themselves from the Settlement Class. The Settlement also relieves the
8 substantial judicial burdens that would result from repeated adjudication of the same issues in
9 hundreds to thousands of individualized trials against Defendants, by affording settlement relief
10 to the Settlement Class through certification as a class action. Since the parties seek to resolve
11 this Action through a settlement, any manageability issues that could have arisen at trial are
12 irrelevant. *See Amchem*, 521 U.S. at 620. Finally, the complexity of the claims asserted against
13 Defendants and the high cost of individualized litigation make it unlikely that the vast majority
14 of Settlement Class Members would be able to obtain relief without class certification. For all
15 the reasons mentioned, a class action is a superior method of adjudication for this Litigation.

16 In sum, the requirements of Rule 23(a) and Rule 23(b)(3) are satisfied, and preliminary
17 certification of the proposed Settlement Class is appropriate.

18 **C. The Notice Program Satisfies Due Process Requirements and is Sufficient**
19 **Under Rule 23 and the PSLRA**

20 Rule 23(e)(1) of the Federal Rules of Civil Procedure requires that all members of the class
21 be notified of the terms of any proposed settlement. The notice must state in plain, easily
22 understood language: (i) the nature of the action; (ii) the definition of the class certified; (iii) the
23 class claims, issues, or defenses; (iv) that a class member may enter an appearance through an
24 attorney if the member so desires; (v) that the court will exclude from the class any member who
25 requests exclusion; (vi) the time and manner for requesting exclusion; and (vii) the binding effect
26 of a class judgment on members. Fed. R. Civ. P. 23(c)(2)(B). Furthermore, in securities class
27 actions, the PSLRA requires that the notice provide the following information:

1 (1) “[t]he amount of the settlement proposed to be distributed to the parties to the
2 action, determined in the aggregate and on an average per share basis;” (2) “[i]f the
3 parties do not agree on the average amount of damages per share that would be
4 recoverable if the plaintiff prevailed on each claim alleged under this chapter, a
5 statement from each settling party concerning the issue or issues on which the
6 parties disagree;” (3) “a statement indicating which parties or counsel intend to
7 make . . . an application [for attorneys' fees or costs], the amount of fees and costs
8 that will be sought (including the amount of such fees and costs determined on an
9 average per share basis), and a brief explanation supporting the fees and costs
10 sought;” (4) “[t]he name, telephone number, and address of one or more
11 representatives of counsel for the plaintiff class who will be reasonably available
12 to answer questions from class members;” and (5) “[a] brief statement explaining
13 the reasons why the parties are proposing the settlement.”

14 15 U.S.C. § 78u-4(a)(7).

15 Here, the proposed form of the Notice (Stipulation Exhibit A-1) meets these requirements.
16 The Notice describes the Settlement and sets forth the Settlement Amount in the aggregate and
17 on an average per share basis. *Id.* at 5, 11. The Notice describes the Settling Parties’ disagreement
18 over damages and liability. *Id.* at 3-4. The Notice sets out the limits on attorneys’ fees and
19 expenses Lead Counsel intends to seek from the Settlement Fund, and describes the proposed
20 Plan of Allocation. *Id.* at 2-5. The Settling Parties agreed on the form of the Notice to be
21 disseminated to all persons who fall within the definition of the Settlement Class and whose
22 names and addresses have been or can be identified from or through Jaguar’s transfer records.
23 The Notice also summarizes the nature, history, and status of the Action, sets forth the definition
24 of the Settlement Class, states the Settlement Class’ claims and issues, discusses the rights of
25 persons who fall within the definition of the Settlement Class (including the right to be excluded
26 or object to Settlement and all relief requested in connection thereto), and summarizes the
27 reasons the Settling Parties are proposing the Settlement. The Notice also contains instructions
28 on how to access the case docket via PACER or in person at the Court. *Id.* at 10-11.

Further, the Notice includes detailed information on the process and requirements for
requesting exclusion from the Settlement Class. *Id.* at 8. It also informs the Settlement Class of
what will happen if they do nothing at all. *Id.* at 10. The Notice provides instructions on the

1 timing and process for completing and submitting the Proof of Claim form that accompanies the
2 Notice. *Id.* at 6-7. The Notice also informs Settlement Class Members that copies of the Notice
3 and Proof of Claim form may be obtained by writing the Claims Administrator, or by accessing
4 the documents on the Settlement website.

5 The Notice concisely explains the Settlement Class Members' opt-out rights, including the
6 timing and method to opt-out. *Id.* at 2, 8. For those Settlement Class Members who do not wish
7 to opt-out, the Notice provides that they can object to the Settlement or the request for fees and
8 expenses. *Id.* at 9. The Notice also explains the difference between objecting to the Settlement
9 and opting out of the Settlement. *Id.* at 2.

10 The Notice will set forth the date, time, and place of the Final Approval Hearing, and
11 clearly states that the date may change without further notice and that Settlement Class members
12 should check with Lead Counsel or the Settlement website beforehand to ensure that the date
13 and/or time has not changed. *Id.* at 10. It also sets forth the procedures for commenting on the
14 Settlement, and includes addresses for the Court, Lead Counsel, and counsel for Defendants. *Id.*
15 at 9-10. In addition, the Claims Administrator will send the Notice to entities which commonly
16 hold securities in "street name" as nominees for the benefit of their customers who are the
17 beneficial purchasers. *Id.* at 12. Lead Plaintiff further proposes to distribute electronically a
18 Summary Notice through *PRNewswire*. The Notice and Summary Notice are attached to the
19 Stipulation as Exhibits A-1 and A-3.

20 These proposed methods of giving notice (similar, if not identical, to the methods used in
21 countless other securities class actions) have been "found to be satisfactory and meet due
22 process." *In re Celera Corp. Sec. Litig.*, No. 5:10-CV-02604-EJD, 2015 U.S. Dist. LEXIS
23 42228, at *18-20 (N.D. Cal. Mar. 31, 2015). As such, the contents of the Notice and Summary
24 Notice satisfy the requirements of Rule 23(e) and the PSLRA. Accordingly, the Court should
25 approve the proposed Notice and Summary Notice.

1 **D. Anticipated Legal Fees and Expenses**

2 As set forth in the Notice, Lead Counsel intends to move for attorneys' fees of no more
3 than one-third of the Settlement Fund, plus expenses not to exceed \$40,000. A one-third fee of
4 the \$2,600,000 Settlement Amount would equate to approximately \$866,666.67, which is less
5 than the value of the time that Lead Counsel has expended in this case to date. Indeed, the
6 requested fee would provide a negative multiplier to Lead Counsel, as their lodestar to date
7 exceeds the fee requested.

8 With respect to Notice and Administration Costs, Lead Counsel has chosen RG/2 Claims
9 Administration LLC ("RG/2") as the proposed Claims Administrator. Lead Counsel considered
10 three bids from potential claims administrators in making this decision. Lead Counsel selected
11 RG/2 because their proposal outlined the most reasonable estimated cost with respect to the
12 administration services they would be providing. Specifically, RG/2's proposal estimated
13 administrative costs of \$57,073, whereas the proposals Lead Counsel received from JND Legal
14 Administration and Epiq were \$80,000 and \$102,097, respectively. RG/2's estimated costs are
15 reasonable in light of Lead Counsel's experience in similar settlements.

16 Lead Plaintiff also selected RG/2 because Lead Counsel has had positive experiences
17 with RG/2 in other class action settlements. In the past two years, RG/2 has served as claims
18 administrator for Lead Counsel in the following class action settlements: *Riche v. Pappas, et*
19 *al.*, C.A. No. 2018-0177-VCL (Del. Ch. Oct. 2, 2018) (\$6.5 million settlement); *Patterson v.*
20 *Repass et al.*, Case No. 17-CV-01995 (Cal. Super. Ct. Santa Cruz Cty. July 27, 2017) (\$2.5
21 million settlement); *Campbell v. Transgenomic, Inc., et al.*, Civil No. 4:17-cv-03021 (D. Neb.
22 Aug. 9, 2017) (\$1.95 million settlement); and *In re MRV Communications, Inc. Stockholder*
23 *Litigation*, Lead Case No. BC669601 (Cal. Super. Ct. Los Angeles Cty. July 21, 2017) (\$1.9
24 million settlement).

25 **E. Proposed Schedule of Events**

26 The proposed Preliminary Approval Order includes the following schedule:
27
28

2	Summary Notice published	10 calendar days after the Notice Date

14

16 **V. CONCLUSION**
